PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Read:-

Correspondence ending with letter No. DJ.C.503/46-47 dated 25th April 1947 from the Chairman, City Improvement Trust Board, Mysore, forwarding for sanction an estimate for Rs 25,04,617/- for laying underground sewers for the unsewered areas in the old city and in the new extensions.

ORDER No. L. 10392-96/M1.38-46-155

Bangalore, Dated 21/31st October 1947.

It is reported that the scheme for providing underground drainage works in Mysore city was taken up 40 years back and about 21 lakhs of Rupees have been spent. The works have been in progress year after year, but more than half the area of the city including the extensions is still remaining unsewered.

In the interest of public health and sanitation of the city and in order to meet the demand of the citizens who have been urging for a long time for the provision of this amenity, the Chairman, City Improvement Trust Board, Mysore has, in consultation with the local Municipal Council and the Sanitary Department, submitted for sanction of Government, a comprehensive drainage scheme spread over a period of five years at an estimated cost of Rs 25,04,617 as detailed below for laying underground sewers in the remaining part of the old city and the new extensions.-

Work	Estimated cost. Rs
Unsewered portions in the old city - Manoy Mohalla, Lashkar Mohalla, Channegowdanakoppal, Adiga extension - Blocks 2, 3, 4 and 5 and Industrial Suburbs, Adikarnatakapuram, Adiga, Harijan out-fall and out-fall estimate of Jalapuri and construction of an additional septic tank in the Sewage Farm.	8,81,660
New extensions - Bannimantap, Yadavagiri, Medars' Block and Paduvarahalli.	4,46,400
Old extensions - Vanivilaspuram, Narasimharaja Mohalla, Hanantody, Kiran Jenaraj Urs Gardens in Chamundi extension, out fall estimates of Vanivilaspuram and Jayalakshmipuram, out fall estimate of Yadavagiri.	10,86,557
Establishment charges ...	90,000
Total:	25,04,617

The scheme is proposed to be financed as follows -

1) The City Municipal Council to meet half the cost of the drainage work in respect of old city referred to at item one above, as agreed to by them - viz., Rs 4,40,830.

2) The City Improvement Trust Board, Mysore to meet the cost of the work pertaining to the New extensions referred to in Sl.No.2 - viz.,- Rs 4,46,400.

contd.

3) the Government to meet the remaining cost of the scheme namely Rs 15,27,387 as a special case.

After an examination of the scheme in all its aspects, Government are pleased to direct that the drainage work pertaining to the old city area which is estimated to cost Rs 8,81,660/- be taken up immediately in view of its urgency and importance from the point of view of the health of the inhabitants of the area and that the remaining work relating to the other extensions be deferred for the present, as it is neither feasible nor possible to take up the entire scheme as proposed by the Trust Board due to the existing difficulty in securing the materials such as iron, cement etc., required for the work.

The estimate for Rs 8,81,400/- for providing underground drainage in the old city is accordingly sanctioned, the work being spread over a period of four years commencing from the current year.

The cost of the work will be met by the Government and the City Municipal Council in equal proportions, the Government share of the cost being paid on the actual outlay on the works during each year.

The Chairman is requested to submit proposals as promised by him for the formation of a separate division for the execution of the scheme in question.

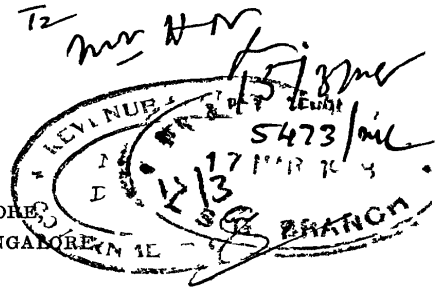
CHAIRMAN, CITY IMPROVEMENT TRUST BOARD,
MYSORE

To SYED ABDUL ALEEM, Esq , B A-,
SECRETARY TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE,
REVENUE DEPARTMENT, BANGALORE-1



SIR,

Subject - Providing underground Drainage to Niranjanraj Urs Garden Layout, Chamundi Extension, Mysore

An estimate for Rs 37,000/- has been sanctioned for the above work in Board Resolution No 494 dated the 30th April 1947

In view of the urgency of the work in the interest of the sanitation of the layout which does not provide for conservancy facilities and where many buildings have already sprung up, tenders were called for and the lowest tender of Messrs Lingiah and Shankariah has been approved by the Board in their Resolution No 188 dated 3-11-1947

According to the recent Government Order sanctioning the general scheme of underground drainage of which the present work forms one item has limited the actual execution of work to the unsewered parts of the City Hence if the work under reference has to be taken up separate orders of the Government are necessary

The urgency of the work is quite apparent It is quite essential not only in the interest of health and sanitation of the residents who have already constructed houses and living there but also to accelerate further building activity in this layout, which is so much called for under the prevailing conditions of acute shortage of houses

The Board also in their Resolution No 327 dated 25-2-1948 has resolved to request the Government to provide necessary funds for this work A copy of the Resolution is enclosed Hence, I request you to kindly to obtain sanction of Government with the allotment of necessary funds for the work and communicate the same very early

Re: Laying underground drainage to the layout of Niranjanraj Urs Garden, Mysore

---

With reference to your letter No L 3137 dated the 25th August 1947 enquiring hether the entire expenditure for the above work i e, 37,000/- f could not be met by the Trust Board out of the money realised from the sale of sites of the said extension and as to why the Government should bear the expenditure etc, I have the honour to state that the subject was placed before the Board with a detailed note (copy enclosed) which note after due consideration has been approved by the Board in their Resolution No 486 dated the 21st May 1948 According to this the amount required for this work viz, Rs 37,000/- is proposed to be met out of the amount realised by the sale of sites to the extent of 27,000/- excluding the amount spent against the estimate of Rs 25,230/- sanctioned for the layout which does not include the item of drainage, the deficit of Rs 10,000/- being made good by way of contribution by the site owners to an extent of 5,000/- and the balance of Rs 5,000/- being requested for as an outright grant from Government

The urgency and importance of this work are explained in the note as approved by the Board, and I request that sanction of Government to the Board resolution may kindly be communicated, very early with necessary allotment of funds.

GOVERNMENT OF MYSORE
L 28/6

I have the honour to be,
Sir,
Your most obedient servant,

P Sitharamiah 25/6
Chairman

HRS/3

MYSORE CITY IMPROVEMENT TRUST BOARD

NOTE

Subject - Underground drainage works for the layout of sites at Niranjanraj Urs Garden

The estimated cost of the layout of this extension, excluding underground drainage and water supply arrangements is Rs. 25,250/- The actual expenditure to end of February 1948 is Rs. 25,627-3-1 There are further claims put forth by the contractors to the extent of Rs.1,200/- Assuming a total further expenditure of about Rs. 4,750/- on this layout total expenditure will be Rs. 30,000/-

The total demand on account of sale of sites on this layout is Rs.57,000/- So far Rs. 54,000/- has been realised After meeting the cost of actual layout of sites, viz , Rs. 30,000/- there will be a surplus of Rs. 27,000/- But this realisation by sale of sites are being threated as a general revenue to the Trust Board No proforma accounts have been separately maintained for this Extension

The cost of underground drainage works, estimated at Rs. 37,000/- has been proposed to be met entirely by the Government and included in the scheme of Rs. 25 lakhs and odd for the entire underground drainage works in the City and Extensions But Government have sanctioned only part of the whole scheme restricting to the old City proper, for Rs. 8 lakhs and odd (half of this estimated amount being ordered to be borne by the Municipality)

When the question of providing funds for the underground works to Niranjanraj Urs Garden Extension was pressed for in the interest of public health and urgency for the same, Government have asked whether the Trust Board should not meet the entire expenditure of Rs. 37,000/- out of the money realised by sale of sites in this locality As already pointed out above, the money realised has been credited to the General Revenue of the Trust Board, and these general revenues have been utilised for other activities (excepting underground drainage work) of the Trust Board Hence no part of the Trust

P T

15)

Trus Board General Revenue can be directed for constructing underground drainage works If still Government insist on this, the amount available after meeting the cost of the layout proper from the total realizations viz , (Rs 57,000 - 30,000/-) Rs.27,000/ may be utilised for the same The estimated cost of the underground works being Rs.27,000/-, the excess of Rs 10,000/- may perhaps be borne equally between the site owners and Government There are in all 182 cottage sites in this layout and the contribution payable by each individual ould be about 60/- This is a very reasonable proportion and if some of the parties plead their inability to pay the full amount in a lump, they may even be permitted to pay it in easy instalments This is what has been done in the case of Saraswathipuram Extension recently

The question of providing this amenity in the Niranjanraj Urs Garden layout is of extreme urgency as no conservancies are provided in this lay out and buildings are fast coming up with the result the sanitation of the layout is already suffering and no further time should be lost in the interest of the health of the residents

If approved this proposal will be placed before the Board

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Read.-

Correspondence ending with letter No. D.3. C.195/47-48 dated 26th June 1948 from the Chairman, City Improvement Trust Board, Mysore, forwarding for sanction an estimate for Rs.37,000/- for the underground drainage work in the Niranjanraj Urs garden layout in Mysore.

2. Un-official No.466 dated 17th June 1947 from the Cheif Engineer for Roads and Buildings returning the estimate duly scrutinised for Rs.37,000/-.

ORDER NO.L. 3638-41/Mis 159-48-2

DATED, Bangalore the 6-10-48 September 1948.

The Chairman, City Improvement Trust Board, Mysore, while submitting the estimate for Rs.37,000 for the work in question, has proposed to finance the work as follows -

1) A sum of Rs 27,000/- to be given out of the amount realised from the sale of sites in the extension,

2) A sum of Rs.5,000/- to be contributed by the site owners of the place; and

3) a sum of Rs 5,000/- to be given by the Government as an outright grant.

Government have considered the proposal in all its aspects and are pleased to sanction the estimate for Rs.37,000/- for the above work with the observation that the scheme ought to be self- supporting and that if the proceeds from the sale of sites and contribution by the site owners towards the cost of the work is not found sufficient, the question of sanctioning a grant if any from the Government will be considered.

Secretary to Government
Revenue Department.

To

The Chairman, City Improvement Trust Board, Mysore, with records.
" Comptroller to Government,
" Chief Engineer for Roads and Buildings
" Municipal Commissioner, Mysore City through the PRESIDENT.
